

Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Friday 11 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:

Occasional sunny intervals. Possible intermittent rain on Friday.

Today:

Rather cloudy with a few intermittent spells of rain possible through the morning and early afternoon, though many parts remaining dry. Some warm sunny intervals are still likely, especially early morning and late afternoon, evening. Breezy at times. Maximum temperature 22 deg C (72 deg F).

Tonight:

Dry and mostly clear overnight and winds falling light. Rather chilly in rural parts by the end of the night, though feeling milder and more humid in towns and cities. Minimum temperature 6 deg C (43 deg F).

Saturday:

A widely sunny start, though some early low cloud likely across the Peaks. Patchy cloud developing by mid-morning, but prolonged warm or very warm sunshine expected into the afternoon. Maximum temperature 24 deg C (75 deg F).

Outlook for Sunday to Tuesday:

Another sunny and very warm, perhaps hot day Sunday. Turning cloudier Monday, but still warm or very warm and sunny for a time. Dry, very warm and sunny on Tuesday.
